

# FIRE ALARM EQUIPMENT

| SPECIFICATION   |                     |   |
|---|---------------------|---|
| <b>Photoelectric Smoke Detector</b><br>Type: AHS-871                              | Voltage Range       |   |
|  | Alarm Current       |   |
|   | Surge Current       |   |
|   | Standby Current     |   |
|   | Permissible Current |   |
|   | Ambient Temperature |   |
|   | Material            |   |
|   | Dimensions          |   |
|   | Wight               |   |
|   | Color               |   |
|   | Area Coverage       | 150M <sup>2</sup> (building hight under 4M) |
|   |                     | 75M <sup>2</sup> (building hight 4 ~ 20M)   |

| SPECIFICATION   |                      |   |
|---|----------------------|---|
| <b>Rate of Rise Heat Detector</b><br>Type: AHR-871                                  | Voltage Range        |   |
|  | Alarm Current        |   |
|   | Alarm Temperature    |   |
|   | Ambient Temperature  |   |
|   | Material             |   |
|   | Dimensions           |   |
|   | Wight                |   |
|   | Color                |   |
|   | Effective Alert Area |   |
|   | Fire-proof Building  | 90M <sup>2</sup> (building high under 4M) |
|   |                      | 45M <sup>2</sup> (building high 4 ~ 20M)  |
|   | Ordinary Building    | 50M <sup>2</sup> (building high under 4M) |
|   |                      | 30M <sup>2</sup> (building high 4 ~ 20M)  |

| SPECIFICATION   |                      |   |
|---|----------------------|---|
| <b>Fixed Temperature Heat Detector</b><br>Type: AHA-9920                            | Thermal Setting      |   |
|  | Voltage Range        |   |
|   | Alarm Current        |   |
|   | Alarm Temperature    |   |
|   | Ambient Temperature  |   |
|   | Material             |   |
|   | Dimensions           |   |
|   | Wight                |   |
|   | Color                |   |
|   | Effective Alert Area |   |
|   | Fire-proof Building  | 60M <sup>2</sup> (building high under 4M) |
|   |                      | 30M <sup>2</sup> (building high 4 ~ 20M)  |
|   | Ordinary Building    | 30M <sup>2</sup> (building high under 4M) |
|   |                      | 15M <sup>2</sup> (building high 4 ~ 20M)  |
